Delegates.

Oklahoma—one Republican.
New Mexico—one Republican.
Utah—one Republican.

The Next Senate.

WASHINGTON, Nov. 9.—Reports received here indicate that the next senate will have 40 Democrats, 41 Republicans and 6 Populists, while the attitude of the successor to Senator Harris of Tennessee is still in doubt. On this classification Senators Stewart and Jones of

KNUTE NELSON.
Reelected Governor of Minnesota.

Nevada, who were elected by the Republicans, but have announced their separation from that party, and Gov. Tillman, who will doubtless be elected by the socalled independent Democrats of the South Carolina legislature, are placed in the doubtful. Tillman will probably vote with the Democrats on organization and Stewart, Jones and Peffer with the Republicans. This would throw the balance of power into the hands of the Populists.

A POPULIST MAYOR.

Adolph Sutro Elected at San Francisco by 18,000 Plurality.

SAN FRANCISCO, Nov. 10.—Complete returns from all precincts in San Francisco give Adolph Sutro, Populist candidate for mayor, a plurality of 18,000 in a total vote of 60,000. Opposed to him were five candidates and he polled a majority of 2500 over all. Sutro is elected on a platform of opposition to the Southern Pacific Railroad company and its funding bill. He owns one-tenth of all the real estate in the city.

Morton's Plurality.

NEW YORK, Nov. 8.—Levi P. Morton will be the next governor of New York. He defeats David B. Hill by 145,435 plurality.

Hill Carries New York City.

NEW YORK, Nov. 8.—Returns from New York City complete give Hill 127,700, Morton 123,299. Hill's plurality 4,401.

Grant, Democrat, for mayor, 111,267; Strong, Republican, 152,691.

Strong's plurality 41,434.

John W. Goff, independent, has been elected recorder over Frederick Smythe, Tammany, by a plurality of 54,844.

Brooklyn Republican.

NEW YORK, Nov. 8.—The entire Republican city and county ticket of Brooklyn is elected.

Owens Was Elected.

LEXINGTON, Nov. 11.—The official count gives W. C. Owens, Democrat, plurality over George Denny, Republican, for representative in the Ashland district. Judge Denny alleges that hundreds of Republicans were debarred of the right to register in Lexington and that frauds were committed in the election district of his opponent and says he will carry the contest to the house of representatives.

Close In Nevada.

SAN FRANCISCO, Nov. 11.—Complete returns from 76 in a total of 161 precincts in the state of Nevada give Cleveland, Republican, for governor, 2525; Jones, Silver, 2448.

Oklahoma.

GUTHRIE, Nov. 11.—Complete returns from the Territory show the legislature to stand as follows: Lower house, 19 Republicans, 4 Populists and 3 Democrats; upper house, 10 Republicans, 2 Populists and 1 Democrat.

Candidate Dying.

REDFIELD, S. D., Nov. 11.—Judge Isaac Howe, the populist candidate for governor in the late campaign, is lying seriously ill at his home with small hope of recovery. The excitement and the fatigue of the campaign was more than he could endure.

Chaplain H. V. Plummer, colored, of the Ninth cavalry at Fort Robinson, Neb., was tried by court martial for drunkenness, convicted and dismissed.

VOTE IN TEXAS.

The Total Vote In Texas Is Believed Will Reach 425,000.

AUSTIN, Nov. 12.—With every election return comes Populistic gain and Democratic loss in the state. Complete returns have been received from 140 counties. Thirty-seven give Nugent pluralities and 103 give Culberson pluralities. Navarro county heads the list for Nugent with 778 plurality and Harris gives Culberson 3284. The Culberson vote in the 140 counties is 149,036; Nugent, 111,769; Makemson, 29,769. Cul-

CHARLES A. CULBERSON.

berson's plurality is 37,267. The same counties gave Cleveland a plurality of 102,895.

The indications are that the total vote of the state will reach 425,000.

With the exception of the Twelfth, which was carried by the Republicans, the Democrats carried all the congressional districts, though Kearby may contest with Abbott for the Sixth. Abbott's majority is 143.

Sent Him a Coffin.

NEW YORK, Nov. 10.—A coffin was delivered at the city hall yesterday, sent from Columbus, Ga, and addressed to Hill. The workmen set upon the driver and made him reload it and drive off with it.

The Kolbites Hold a Meeting.

MONTGOMERY, Ala., Nov. 12.—The Kolbite forces will meet in Montgomery today, this being one day before the assembling of the general assembly, in response to a call. The interpretation of the call is that it is to decide upon action to be taken as to setting up a dual state government. It is given out that they will set up a general assembly, go through the act of declaring Kolb governor, elect a United States senator and adjourn. The following is the call: "A state convention of the Jeffersonian and People's party is hereby called to meet in Montgomery on Nov. 12, 1894.

MAJOR EDMUND N. MORRILL.
Governor Elect of Kansas

The counties are entitled to the same number of delegates that they had in the state convention of February last. The purpose of the convention is to consider what action should be taken in regard to the monstrous election frauds that were perpetrated in the last August election and for purposes."

Woodruff to Be Tried.

LITTLE ROCK, Nov. 12.—The case against William E. Woodruff, ex-state treasurer, for false pretences and misapplication of funds, will be brought up for trial here in the Pulaski circuit court.

J. H. Johnson & Bro., dealers in hardware, wagons, etc., at Sulphur Springs, Tex., have assigned.

There were $6,653,769 in national bank notes redeemed last month.

Robert Dillman accidentally shot and killed his brother Frederick at Brooklyn while carelessly handling a pistol.

LITTLE WILL BE DONE.

Approaching Session of Congress Probably Fruitless.

WILL LAST ONLY THREE MONTHS.

Following the General Election, It Is Believed No Real Work Will Be Attempted and Still Less Accomplished. Supplemental Tariff Bills Reported Before Adjournment.

WASHINGTON, Nov. 12.—The approaching session of congress, which will convene on Dec. 5, is not expected by those familiar with congressional methods to be one of great activity and productive of much legislation. In fact it will continue only three months and will be the the last session of the Fifty-third congress, and closely following the general election, it is considered an indication that little real work will be attempted and still less accomplished.

It is probable that next to nothing will be done before Christmas. After then there will be but two months left to pass the usual appropriation bills.

When the last session adjourned the measures attracting much attention were the supplemental tariff or free raw material bills passed by the house and favorably reported with material amendments by the senate committee on finance to the senate. It remains to be seen whether the friends of the bills will persist in further legislation in the direction of tariff reductions.

There is a division of opinion among the opponents of the free sugar bill and some Republicans and some conservative Democrats have expressed their willingness to allow this bill to become a law, but inflications are that the fate of the bill will be that of others of the same class.

There are some who predict there will be a renewed agitation of the financial question, but there appears no reason for the suggestion that it will be revived. Little doubt that the silver question will be raised in some form, but the probabilities are there will be no serious united effort to push silver to the front. The more general opinion is that silver will be reserved for the long session of the new congress so as to make it the issue of the presidential campaign of 1896 and to compel the Republicans to force it as an issue of legislation before the expiration of Mr. Cleveland's presidential term.

Taylor's Resignation Called For.

WASHINGTON, Nov. 12.—It is reported that President Cleveland has called for the resignation of C. H. J. Taylor, the colored Democrat, appointed as recorder of deeds for the District of Columbia. The president has had in his possession for some time a very damaging report on Taylor from the civil service commission.

Wilson For Attorney General.

WASHINGTON, Nov. 12.—The rumor that Congressman Wilson is to be attorney general after March 4, is partially confirmed by the statement that he is the only candidate whom Cleveland helped in the campaign. He is said to be the best informed man in the house on the president's views.

Bond Issue Report Denied.

WASHINGTON, Nov. 12.—The report telegraphed from New York and published in the morning newspapers to the effect that another $50,000,000 bond issue had been determined upon is without foundation. It is learned on undoubted authority that Secretary Carlisle has not changed in the least as to his policy with respect to the issue of bonds. Public credit will be maintained, and if to this end it is found necessary to issue bonds, they will be issued without the least hesitation, but no action of this kind is in immediate contemplation.

Cadets Appointed.

WASHINGTON, Nov. 12.—Cadets have been appointed as follows: H. B. Farrazer, St. Joseph, Mo.; W. H. Bealt, Hammond, Ind.; G. V. Mosely, alternate, Evanston, Ills.; Claude Shuford, alternate, Tyler, Tex.

McCook Appointed.

WASHINGTON, Nov. 11.—Brigadier General Alexander McDowell McCook has been appointed major general of the United States army, vice General Howard, retired, and Colonel James W. Forsythe of the Seventh cavalry has been promoted to brigadier general to succeed McCook.

Choctaw Troubles.

MCALESTER, I. T., Nov. 12.—The Choctaw troubles have been temporarily settled by a peace council, composed of influential men belonging to both parties. The eight prisoners who were to have been tried at Wilburton today have been released on their own recognizance until the next session of the council, when all troubles will be peaceably settled. The prisoners have gone to the Chickasaw nation to reside until sent for by the council.

Florida Tragedy.

JACKSONVILLE, Nov. 11.—A special from Lawtrey, Fla., says William Sapp shot and killed W. Griffith and mortally wounded E. Griffith. Sapp and his brother assaulted a man named Austin, employed by the Griffith brothers. The Griffiths tried to keep the peace and Sapp shot them. The murderer is at large.

DR. TALMAGE RESIGNS.

He Will Now Devote His Attention to Evangelical Work.

NEW YORK, Nov. 12.—Dr. T. DeWitt Talmage, pastor of Brooklyn tabernacle, has written a letter to the elders of the church tendering his resignation. He stated his principal reason for resigning was that he did not feel like calling upon the congregation to build the fourth church.

The session, according to a friend of the preacher, met Talmage and have

DR. TALMAGE.

agreed to request the Brooklyn presbytery to dissolve the pastoral relations now existing. This is a practical acceptance of the resignation.

Dr. Talmage will in the future devote himself entirely to evangelical work. For a year at least he will make pastoral visits through the country, starting early in January.

The manager of his business affairs said today: "Dr. Talmage believes he is called upon to preach the gospel and not to plan how interest on a big church debt can be raised and how impatient creditors can be appeased."

KANSAS TOWN ROBBED.

Bandits Secure a Neat Sum, Shoot One Man and Escape.

COFFEYVILLE, Kan., Nov. 12.—Two of the Cook gang plundered the town of Lenaph and left a bloody trail behind them Friday. They entered the town in their character of bold bandits without any attempt at concealment and terrorized the citizens until they had carried out their plans of robbery.

E. E. Melton, a brave young man, who attempted to stop them as they were riding away, was shot and instantly killed. Another man, whose name cannot now be learned, is reported to be seriously wounded. Both of the victims were with a small force of citizens, who hastily armed themselves to attempt to prevent the escape of the bandits.

The robbers were mounted on fast horses and were heavily armed. Some of the citizens claimed to have recognized them as Cherokee Bill and Jim French, well known lieutenants of Bill Cook. The robbers held up the proprietors of two stores and looted the stores. They also looted the postoffice, and John Shufeldt, the postmaster, was relieved of $100 and a gold watch. The articles were taken from his person.

Mr. Shufeldt proclaimed his loss to the town before the robbers had finished their work, and a band of citizens were almost upon the robbers when they went to mount. An effort was made to stop them, but they were on horseback with drawn pistols and were flying away before their would be captors could make a concentrated move. Melton was more rash than the others and met his death in consequence. The news, as it reached this city, does not state in what manner or how seriously the second victim was injured.

OHIO BANK ROBBED.

The Safe Opened and a Large Sum of Money Extracted.

CLEVELAND, Nov. 10.—The First National bank of Oberlin, O., was robbed Thursday night. The door was forced and the safe opened. Valuable papers were scattered about the room. A large sum of money was stolen, but the exact amount has not yet been ascertained.

Michael Sandusky was murdered in Philadelphia and robbed. Two Italians are suspected.

Dyspepsia and Consumption

Health and Strength Gone

Advised to Take Hood's Sarsaparilla and is Cured.

"C. I. Hood & Co., Lowell, Mass.:

"I am glad to say that I am in better health now than I have been for a long time. Myself and wife have taken Hood's Sarsaparilla for the past four months, and I can truly say that it has done us more good than any other medicine we have ever taken. I was troubled with dyspepsia for over two years. I also had a slight touch of consumption and was frequently off duty.

Unable to Work.

I spent a good portion of my earnings for doctors' bills and other medicine which did me good only for a little time. My employers urged me to take Hood's Sarsaparilla so I bought one bottle and began its use about the first of April, at that time weighing only 150 pounds although my usual weight was 180 pounds. After using the bottle I felt that I was better, so I purchased five more bottles. I am taking the sixth bottle now and since commencing to take Hood's Sarsaparilla have had only one slight attack of illness. My present weight is 165 pounds, and I do not feel that I was ever sick in my life. E. D. HUBBARD, Minneapolis.

FOR the calendar year 1894 the receipts of the post office department fell off $816,454, from what they were the previous year, while the expenditures increased $3,250,309 The total deficiency for 1894 is $9,243,935, which will be made up by appropriations.

NOTWITHSTANDING the populists were defeated in Kansas in the recent election, they polled fully 10,000 more votes than they did in 1892. Their defeat is due to the democrats being against them, whereas in 1892 the democrats were favorable to them. In Kansas as in every other state, the populist vote was very materially increased.

IF you want to see how people who have been under populist rule regard populism, look at Rains county! look at Delta county! The people of those counties are only waiting for the 6th of November to repudiate this party and its vagaries. —P. B. Muse in his McKinney speech just before the election.

Election is over now judge, how about Rains county? and Delta too? Disgusted (?) Delta county gave Cyclone Davis for congress and Nugent for governor, two biggest pops in Texas, 576 and 700 votes majority, respectively, over old Dave Culberson and his son, Charley and elected all the populist precinct and county candidates. Good illustration, Judge; perfectly splendid!

FROM all over the state come reports to the effect that democracy, "the white man's party" polled almost the entire colored vote As to Collin county, especially was this the case. As the writer stood about the polls in McKinney on election day and watched the city, precinct and county officers and divers other democratic zealots march the dusky sovereigns up in one's, two's, three's and greater squads at a time to deposit their free and uninfluenced (?) ballots for liberty and good government. These words of a local democratic exhorter before the McKinney democratic club a few nights before the election, were vividly recalled to our mind: "Wake up! fellow democrats, from your apathy, for in this election you will not only have to fight populists alone, but you will have to contend with republicans and niggers in addition."

The above is the official vote for precinct officers. F. P. Skelton, whose name appears as the populist candidat for justice of the peace in precint 5, was not the nominee of his party or a candidate at all. The votes he received were simply complimentary.

THE Ft. Worth Dailey Gazette of Nov. 10, speaking editorially of the congressional fight in this district, pays the following complimentary notice to Dr. U. M. Browder.

"J, W. Bailey was confronted by one of the shrewdest and wiliest opponents the enemies of democracy had in the state. Let it go down to the credit of Bro. Browder that he has spent more thought and wasted more flesh to get to congress than any candidate of the opposition."

DETERMINED TO MARRY.

Lexington, Ky., Nov. 11.—News received from Richmond, Ky., tonight says that Gen. Cassius Clay, 84 years old, postponed his marriage yesterday with his 15 year-old protege, Miss Dora Richardson, until tomorrow. Judge Chenault, on whom he relied to perform the ceremony, refused and Squire Milton will perform the ceremony to-morrow. The General's son and daughter object to the match, but the general says he will marry anyhow.

Accidentally Shot.

Anna, Collin Co, Tex., Nov. 10.—W. S. Bunch, a farmer living near this place, was accidently shot this evening. He was stooping over in his wagon and a pistol of 45 caliber fell from his coat pocket, causing it to discharge, The ball struck him just behind the temple and grazed the skull bone, inflicting a wound about two inches long. His eye is badly powder burned and it is thought he will lose it.

STACK OF FIGURES.

They Show a Democratic Loss of 80,851 on an Increased Vote.

[DALLAS NEWS, NOV. 15, 1894.]

Official returns are coming in now and many changes have been made in the table, which to day contains complete returns from 177 counties out of 229. These counties give Culburson 193,821, Nugent 145,699 Makemson 44,170 and Schmitz and Dunn about 5000. In 1892 these counties gave Cleveland 216,549, Weaver 87,576, and Harrison 66,198. Culberson's plurality over Nugent in these counties is 48,122 In the same counties in 1892 Cleveland's plurality over Weaver was 128,973. Net democratic loss 80,851. Again, it must be understood that the net loss does not represent an actual loss of vote, but of plurality. Culberson's vote in these 177 counties is only 22,728 less than Cleveland's, Makemson's is 22,091 less than Harrison's while Nugent's is 46,011 more than Weaver's. The counties yet to report in 1892 gave Cleveland 22,599, Weaver 12,119 and Harrison 15,246 These counties will change the plurality very little and Mr. Culberson cannot possibly increase his lead by more than 4000 The feature of the returns this morning is the vote of Harrison county which gives Culberson a plurality of 4169 and makes it the banner democratic county of the state, which is a remarkable showing when it is considered that Harrison has nearly 2000 more negro voters than white voters. Harrison's representation in the last convention on the Cleveland basis was 3. Next time it will be 15.

WENT DRY.

Canton, Van Zandt Co., Tex Nov. 10.—Result of the local option election in precinct No 1, including the towns of Canton and Myrtle Springs. Total vote 587, pro 335, against pro 254; majority for pro 83.

E. W. Kirkpatrick, the well-known McKinney nurseryman, is quite an enthusiast on the future of fruit growing in this state, and especially on the black lands. The great number of premiums captured by his exhibit at the state fair is a pretty strong refutation of the popular belief that fruit will not do well on the black belt. To a representative of the Journal who was looking over his exhibit, he said: "When the farmers of Texas wake up to the importance of the orchard possibilities of Texas there will be a regular boom, which will in a few years place Texas first among the fruit producing states. We are close to New Orleans, the greatest fruit market in the United States; we have a climate that permits of the earliest and latest supply to that and other markets, and, besides, we not only have the best and richest soil, but we have such a variety of soils that any kind of fruit that grows can find just what it wants. Ten years will see a wonderful change in the business of fruit and nut growing in Texas, at which time we will be large exporters, whereas now we import the biggest part of our supply."—Farm and Stock Journal.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment Hall's Catarrh cure is taken internally, acting directly on the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing doing its work. The proprietors have so much faith in its curative powers, that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials. Address

Balls City.

It seems that the gulf coast is to be the most desirable place for settlers in the great South West. The city referred to above is attracting much attention. Secretary E. H. Porter, of Galveston, is being overwhelmed with correspondence making enquiry about Balls City and the fertile fruit and vegetable land surrounding it.

Stock is being fast taken up in the Commercial Travelers City Company and the enterprise is moving at a rapid gait. A fine hotel and many beautiful cottages are in course of construction. Farmers are turning their attention to the surrounding country. It is a fact that the climate is delightful and the conditions most favorable for health.

A CALL.

Those that have bought groceries from us during this year your bills are now due, and a prompt settlement of same will be much appreciated.

We know that it is severe work to pay debts with four cent cotton, but we have bought and sold goods with the expectation of an early settlement from you.

Yours very respectfully,
T. J. MELTON & SONS.

There are two memorials unavoidably crowded out of this issue which will appear next week.

COLLIN COUNTY.

BANNER GRAIN, FRUIT, VEGETABLE AND TREE GROWING COUNTY In THE LONE STAR STATE.

Prizes Awarded B The Dallas State Fair to E. W. Kirkpatrick.

Visitors to the late State Fair at Dallas, expressed great surprise that the black soil of Collin county should excel all other soils in the production of grain, fruit, vegetable and tree growth, but nevertheless it is a fact as is demonstrated by the following 38 prizes aggregating $367 which were awarded E. W. Kirkpatrick, Collin county's well known nursery man and successful farmer.

The above are all first prizes or premiums and besides Mr. Kirkpatrick recieved some second premiums of which we havn't taken any notice. Had Mr. Tom Muse's onions arrived in time they would have captured the first prize, and Capt. Jno. R. Black had a magnificent specimen of ribbon cane, matured 6 feet, thus adding other laurels to fertile Collin's crown as the banner agricultural county of the state. If the people of our county would co operate they could capture the State fair or at least a good part of it. Collin county, with out doubt, has a soil, as a whole unexcelled in productiveness, in the state, and adapted to growing the greatest variety of products. She can produce every thing needed to feed and clothe half a million of people.

W. A. McGuire, a well known citizen of McKay, Ohio, is of the opinion that there is nothing as good for children troubled with colds or croup as Chamberlain's cough remedy. He has Chamberlain's family for several years used it in his family for several years and always keeps with the best results. After having a bottle of it in the house, troubled with la grippe he was himself troubled with a severe cough. He used other remedies without benefit and then concluded to try the children's medicine and to his delight it soon effected a permanent cure. 25 and 50 cent bottles for sale by H. C. Herndon.

To-day about 11 o'clock a. m. George Murrell, colored, fired four shots with a 38 calibre Smith & Wesson pistol at Anderson Green, also colored, one shot only taking effect; it passed through Green's abdomen and probably produced a fatal wound. A reporter dropped in Sunday morning to see how the Cumberland Presbyterians are progressing with their Sunday school and church work. He found only a small number in attendance at both Sunday school and church, as compared with some churches of the city. But he observed a commendable thing or two. There is among this small flock the old time zeal and faithfulness. It rings in the music and beams in the countenances of the earnest worshipers.

Planting the Standard

All hail Columbus! Behold the great navigator as he lands. The perils of the deep are past. The clouds of fear have vanished. The night of gloom has ended. In the heavens the sun of success shines resplendent. Morning has dawned.

Imperiously the banner of haughty Spain greets the daylight. Upon its fluttering folds are inscribed the destinies of a new world. Its gleaming surface marks a long advance in the evolution of the human race. It tells a story of prophecy unparalleled, of developement unapproached in the fullness of recorded time. It crowns with triumph the efforts of genius.

The World's Fair contained no finer statue of the great discoverer than this colossal figure. It commanded from its pedestal the eastern entrance to the Administration building. The majesty of its dimensions, the vigor and aggressiveness of its expression and the artistic finish of its composition made it admired as a genuine sculptural triumph.

Another Standard Proudly Displayed

at the Fair was that of

Dr. Price's Cream Baking Powder

A Standard of Excellence for Forty Years.

It was the standard of unequalled strength, perfect purity and wholesome results. The award to Dr. Price's at highest honors at the Fair furnishes conclusive evidence of its superiority over all other baking powders.

Warning to Expectant ... Mothers.

Many internal remedies are being skillfully and glibly advertised, professing to Shorten Labor, Lessen Pains of Childbirth, etc., and with wonderful inconsistency to regulate menstruation. Common sense should teach any woman that a preparation adapted for

MENSTRUAL DISORDERS

will not prepare the system for Childbirth; on the contrary, INTERNAL REMEDIES at this time may imperil her life. We earnestly say BEWARE of all such; they cannot, at this critical period, do any possible good, and their use may prove fatal. It is only by persistent EXTERNAL treatment while enceinte, thus relaxing and softening all the parts, that the hour of Child-birth is robbed of its terror; and no remedy on earth does this but

A FAMOUS YEAR.

Some of the Distinguished Men Who Were Born in 1809.

Oliver Wendell Holmes was born on August 29, 1809. William E. Gladstone was born on December 29, 1809. That is a famous year in biography. Charles E. Darwin was born on February 12, 1809. Edgar Allen Poe was born on February 19. Alfred Tennyson was born in the same year; so was Pierre Joseph Proudon, the French social philosopher. It is a year famous in the annals of military history too, for Marshal Canrobert, the surviving French marshal was born in that year; so was Leopold O'Donnell, the Spanish general; so was Frederic Von Beust, the Austrian statesman, whose power in German affairs was eclipsed at Sadowa. The Italian statesman, Ricasoli, was born in Florence on March 9, 1809. Park Benjamin, who died in 1864, was born in the same year. For Americans it will always be memorable as the year in which Abraham Lincoln was born.

The death of Dr. Holmes has called up a flood of reminiscences on the subject of old men. Titian, the Italian painter, was 100 years old when he died at Cadore, Italy. Donaldo, when past 90, and utterly blind, stormed Constantinople Isaac Newton was president of the Royal Society at the age of 83, and Landor finished his "Imaginary Conversations" at the age of 89. Brougham was a debater at 80, and Lyndhurst, when over 90, spoke in the house of lords. Franklin was governor of Pennsylvania at the age of 82. Marshal McMahon was 85 when he died. Neal Dow is now in his 90th year. David Dudley Field was 89 when he died. Chevreul, the French chemist, was 102 when he died in 1889. Cassius M. Clay, now living in Kentucky, is 84. Hamilton Fish, governor, United States senator and secretary of state, was another of the famous men born in 1809.

An Old Printing Establishment.

The University Press, Cambridge, Mass., was founded in 1639, and, with a lapse of about one year, has been running ever since. It employs from 300 to 350 hands, with a weekly pay roll of $3000. The firm has always carried on a heavy business, and is celebrated the country over for the excellence of its workmanship and for fair dealings with its patrons, but it has been compelled to make an assignment. —Philadelphia Record.

A PROBLEM.

Some things about a woman I never could understand,
She'll face a mighty army with a broom stick in her hand,
But she'll yell like any catamount, and even leave the house
At the unexpected entrance of a harmless little mouse.
She may be so frail and delicate that, leaning on your arm,
You would break your neck in sympathy to keep her out of harm;
Yet she'll wield her little slipper, though it numbers only two,
On a rebel urchin's trousers till she beats him black and blue.
She can do more with a hairpin than a man with all his tools;
She can make the smartest statesmen act like animated fools;
She can argue without reason on some notion in her head,
Till a man with sound intelligence will wish that he was dead.
Some things about a woman I could never understand,
And my knowledge goes as far as any scholar's in the land;
She's a complicated problem that mankind has failed to solve
Since time began to number and earth started to revolve.

An Alaskan Ice Cave.

"While at Birch creek," said Mr. Oberlander, "I was informed of the discovery of a wonderful cave by a miner named Schumann. I was unable to visit the cave, which is located 40 miles above Masterdan creek. Schumann states that this cave is 80 feet in length and varies from 4 to 70 feet in width. After entering through a small aperture, the sides of which are composed of granite, one emerges into a solid ice chamber, from which hang numerous stalacitites glistening like silver. Schumann was surprised to find that there were a number of air currents in the cave, the source of which he could not determine. At one side he found a black bear sitting partly upright. The sight of the animal alarmed him greatly at first, but failing to detect any signs of life he approached it and found that the bear was frozen stiff in a block of ice. He took his axe and chopped a piece off the animal. Picking up portions he found that it crumbled at his touch. Similar caves, some large, others small, have been discovered about Birch creek. —San Francisco Examiner.

Love is a most delightful slavery.

Dear money—the miser's cash.

The ambition of some men is nothing better than an appetite for adventure.

People should give thanks for many things that they have not been able to get.

It takes some speakers two hours to tell you what they are talking about.

Blessed is the man who takes a seat upon a square yard of inverted tacks for he shall get up again.

Most giant strides seem to be made in the wrong direction.

Some people are so stingy that prosperity is painful to them.

Every dog has his day to frolic and his night to howl.

Some people are good and some are bad; but almost all of them are indifferent.

Stub Ends of Thought.

It is a long way up the hill if you think about the hill all the time.

Sarcasm may be bright, but it casts a shadow.

People talk a lot about marrying before they do it; afterwards they think about it.

An ounce of accomplishment is worth a ton of intention.

The sky is never all blue at the same time.

Just To Ease

Wiggle—Why do handsome women so often marry homely men?

Waggle—Because the homely men ask them to, I suppose.

A fashion paper says: "See that your trousers are properly creased before making a call." If you are calling on your girl, however, you generally press your suit after you get there.—Exchange.

A "RUN DOWN" and "used-up" feeling is the first warning that your liver isn't doing its work. With a torpid liver and the impure blood that follows it, you're an easy prey to all sorts of ailments. Dr. Pierce's Golden Medical Discovery cures every one of them.

PIERCE Guarantees a CURE.

MRS. BRANSFORD.

I can truthfully say that I believe your Golden Medical Discovery saved my life. When I began your treatment two years ago, I had been given up by the Doctor, and my friends had lost all hope of my recovery. I had suffered for years with torpid liver; I had chronic pleurisy and catarrh in a very bad form. Attended with hemorrhages—was confined to my bed two months. In a few days after beginning your medicine I could perceive a slight change for the better; in three months I felt almost like a new person. Yours very gratefully, Mrs. MAGGIE E. BRANSFORD, Williamsburg, W. Va.

Teacher—Sammy, in the sentence, "I have a book," what is the case of the pronoun I?

Sammy (promptly)—Nominative case.

Teacher—Next boy, tell in what case to put the noun book.
